## CLAMAR Floats – Another Award Winner from EAA, Oshkosh 2012

**August 10, 2012:** Clamar is pleased to announce that once again their product helped win a top award at the recent 2012 EEA show in Oshkosh, WI.

A Glasair Sportsman 2 + 2 on a Clamar M2500 float system won the top “**Amphibian**” award. The aircraft is a TWTT (two week to taxi) Sportsman owned by John Lundblad from Wilmington, Ohio. John graciously placed his aircraft in the Clamar booth at the OSH seaplane base.
